

KFUPM - COMPUTER ENGINEERING DEPARTMENT

COE-540 – Computer Networks

Quiz 02 - November 2nd, 2008

Student Name:

Student Number:

Question 1: (10 points) What is the name of the journal in which the article of concern has appeared and what is the publication date?

Question 2: (15 points) What are the main contributions of the paper?

Question 3: (15 points) Explain the three performance figures evaluated by the paper and used to characterize the proposed algorithm (the CAQA JSPA) and also to compare it against other related algorithms in the literature.

Question 4: (10 points) The paper evaluates the algorithms for two distinct cases or scenarios in terms of the arrival rates and channel conditions. Specify these two cases.
