

**The 2003 IEEE Workshop on Signal Processing Systems  
(SIPS'03)**

**August 27-29, 2003  
Plaza Hotel, Seoul KOREA**

**Theme: System-On-Chip Design for Multimedia and  
Communications**

The IEEE 2003 Workshop on Signal Processing Systems (SIPS'03) held at the Plaza Hotel in Seoul, August 27-29, 2003, certifies that

**Adnan Abdul-Aziz Gutub**

From KFUPM, Saudi Arabia has attended the conference and participated by presenting his research paper on Wednesday, August 27, 2003, entitled

*Efficient Scalable Hardware Architecture for Montgomery Inverse  
Computation in  $GF(p)$*

Which was an important contribution to the conference.
