

Dear Professor Mohsen Guizani,
Chairman, Information Sciences Department at Kuwait University

I would like you to know that (Thanks to ALLAH) I had trouble-free trip back to KFUPM and arrived home at 8pm (Friday).

Thank you for offering the chance to visit your Information Sciences department at Kuwait University which I sincerely enjoyed and found it rewarding technically as well as strengthening relations with old pioneers and making new friends too.

I will remain in regular contact with you all, and try to continue fruitful collaboration.

Please convey my regards to all the faculty and staff I met with during my visit.

Best regards,

Adnan Gutub,
Chairman, Computer Engineering Department
