**Subject:** PhD Thesis Evaluation - Foreign Examiner - Concurrence requested

Dear Prof. Dr.Adnan Gutub,  
This is Dr.E.R.Naganathan, Chairperson, School of Computer Science, Alagappa University, Karaikudi, India.

One of my Research Scholars is going to submit his Ph.D. thesis on "Multilevel Encryption using Multiple Symmetric Keys". In this work, a new encryption model has been proposed based on the Newton Raphson method ( a modified approach) and Banach Fixed Point Theorem. Papers were published in Journals and Conferences. There is a very good contribution by the scholar.

I request your concurrence to include your name in the Panel of Foreign Examiners to evaluate the said thesis.

Let me know your acceptance at the earliest. Let me also request you to send your contact information, please.

Thanks and regards,

Dr.E.R.Naganathan  
Chairperson  
School of Computer Science  
Head of the Department of Computer Science and Engineering
