

[Term 062 from Farhan Khan in course COE 509-01, Applied Cryptosystems: Techniques and Architectures]

Respectable Professor Dr. Adnan A. Gutub,

Sir, I want to express deep thanks to you for your teaching, guidance and supervision throughout the semester. Your teaching style is very delightful and enlightening.

I am much thankful and grateful to you for the explanation of course concepts. I would like to especially thank you for teaching us how to think in new and innovative ways and how to incorporate and implement new ideas for further reserach.

Thanks a lot Professor again.

Regards,
Farhan Khan
