

COE 449 – Network Security Engineering
Student presentations
Evaluation Form

Dr Adnan Gutub

Name:	ID:
Please put your opinion as marks out of 5	

Paper	Student	Date	Confidence	Language	Reasoning & Justification	Understanding & Explanation	Body Language & Eye Contact	Total out of 25
<i>Raising the Bar for Hardware Security</i>	<i>Eyad Al-Hazemi</i>	Week 12 7 Jan 2009						
<i>XML Document Encrypt Implementation using Elliptic Curve Cryptosystem</i>	<i>Hani Al-Sufyani</i>							
<i>Modular Matrix Cipher and Its Application in Authentication Protocol</i>	<i>Hazem Al-Gerafi</i>							
<i>Security Objectives within a Security Testing Case Study</i>	<i>Muhammad Felemban</i>							
<i>Intrusion prevention systems: superior security</i>	<i>Atiyah Al-Nakhli</i>							
<i>Reliability, Availability and Security of Wireless Networks in the Community</i>	<i>Noor Mohiuddin</i>	Week 13 14 Jan 2009						
<i>Top Threats to Mobile Networks – and What to Do About Them</i>	<i>Saleh Al-Wayeli</i>							
<i>Specifying Security Goals of Component Based Systems : An End-User Perspective</i>	<i>Abdul-Aziz Al-Zugaibi</i>							
<i>Analysis of Distributed Intrusion Detection Systems using Mobile Agents</i>	<i>Mustafa Al-Ibrahim</i>							
<i>Cryptanalysis with COPACOBANA</i>	<i>Jassim Al-Bazron</i>	Week 14 21 Jan 2009						
<i>Toward New Generation Quantum Cryptography - Japanese strategy -</i>	<i>Dhari Al-Dhari</i>							
<i>Choosing the Right Wireless LAN Security Protocol for the Home and Business User</i>	<i>Hamad Al-Hajri</i>							
<i>Sensor Network Security: More Interesting Than You Think</i>	<i>Ahmad Dehwah</i>							
<i>Research Directions in Quantum Cryptography</i>	<i>Ahmad Al-Ghamdi</i>	Week 15 28 Jan 2009						
<i>Cloaker: Hardware Supported Rootkit Concealment</i>	<i>Mansoor Al-Mutairi</i>							
<i>Knowledge Structure on Virus for User Education</i>	<i>Salman Alshammari</i>							
<i>Return On Security Investment (ROSI) – A Practical Quantitative Model</i>	<i>Yousef Baisa</i>
