COE485: Student's Evaluation Form (by the Advisor)

Please specify your evaluation by letter grade (A+ ~ F) infront of each point.
If teamwork is involved, kindly evaluate each student alone.

Project Title or CODE:

Supervisor (Your Name):

Student(s) Name(s) & ID(s):

		Name/ID:	Name/ID:	Name/ID:	Name/ID:	Name/ID:
Accomplishment	**Engineering Approach (were different approaches examined, and one selected based on some criteria?)**					
	Completion of the design					
	Work Habits: organization and motivation (did the student take initiatives, exhibited self-reliance, systematic approach to design problems?)					
	Design verification: Simulations, modeling, emulation, prototyping, and testing (whatever appropriate)					
	Planning & Teamwork (whenever appropriate)					
Report	**Clarity of the problem description and proposed solution (how well did the student communicate his design effort?)**					
	General Format, work documentation and presentation, referencing existing work, usage of appendices …etc.					
Presentation	**Clarity of the problem description and proposed solution (how well did the student communicate his design effort?)**					
	General Presentation skills					
	Discussion (how well did the student handle questions?)
