Subject: Re: COE Lab Upgrades

Dear Dr Marwan

AA

Please find below the required info

1. How many of the COE labs are considered adequate (i.e. do not need upgrade)?

Ans : 4 labs

- FPGA & Design Automation Lab 22/333-1
- Performance Engineering Lab 22/342
- Printed Circuit Board Lab 23/019
- Research Lab - 22/401

2. How many of the COE labs need immediate upgrade

Ans : 5 labs

- Digital Logic Design Lab 22/340A (upgrade in terms of equipment (FPGA boards))
- Microprocessor Lab 22/340B (upgrade in terms of equipment (PCs))
- Network & Communication Lab 22/347A (upgrade in terms of furniture)
- Systems Design Lab 22/347B (upgrade in terms of furniture)
- Senior Design Project Lab 22/339A (upgrade in terms of space, equipment & furniture)

Please note that all these labs are being updated regularly (annually depending upon the current requirements of the lab courses being conducted)

with best regards
 Dr A R Naseer

Subject: COE Lab Upgrades

Assalamu Alikum Dr. Naseer,

Can you please provide me with answers to the following questionnaire regarding the COE labs (the information will be used by the College Infrastructure Committee):

1. How many of the COE labs are considered adequate (i.e. do not need upgrade)?
2. How many of the COE labs need immediate upgrade?

Regards,

Dr. Marwan Abu-Amara
