

COE 308 – Computer Architecture Term 082 – Spring 2009

MIPS Project Evaluation Form

	Student Name / ID	Grade	Remarks	Bonus/Penalty
Members				

	Section	Grade	Max	Remarks
Program 1 / 25	Code Clarity and Comments		2	
	Use of Procedures/passing parameters		3	
	Correct counting of words		10	
	Correct sorting and printing		10	
Program 2 / 30	Code Clarity and Comments		2	
	Use of Procedures/passing parameters		3	
	Correct reading of input text files		7	
	Correct writing of output text file		7	
	Correct matrix multiplication		5	
	Correct instruction counts		6	
Program 3 / 25	Code Clarity and Comments		2	
	Use of Procedures/passing parameters		3	
	Correct Addition of Normalized FP		7	
	Correct Subtraction of Normalized FP		7	
	Handling Overflow/Underflow		2	
	Handling Denormalized FP		2	
	Handling Infinity and NaN		2	
Report / 20	Writing Style, Spelling and Grammar		5	
	Testing Cases provided		5	
	Output and Discussion		5	
	Teamwork and cooperation		5
