GIS-related Web Sites

103 Sites

Revised March 2, 2004

#	NAME	URL	DERCRIPTION
1.	ESRI GIS and mapping software	http://www.esri.com/	
2.	DIRECTIONS	http://www.directionsmag.com/article.php?article_id=146	
3.	National Atlas.gov	http://nationalatlas.gov/	The new National Atlas includes products and services designed to stimulate children and adults to visualize and understand complex relationships between environments, places, and people. It contributes to our knowledge of the environmental, resource, demographic, economic, social, political, and historical dimensions of American life.
4.	Geomac	http://www.geomac.gov/	It is an internet based mapping too originally designed for fire mangers to access online maps of current fire locations and perimeters in the conterminous 48 states and Alaska.
5.	USGS	http://www.usgs.gov/	The USGS, a bureau of the Department of the Interior, provides reliable scientific information to describe and understand the Earth; Minimize loss of life and property From natural disasters; manage water, biological, energy and mineral resources; and enhance and

			protect our quality of life
6.	Las	http://www.reseau-amerique-latine.fr/ revue-sommaires/	
7.	Geo North	http://www.geonorth.com/index.cfm	GeoNorth specializes in developing Enterprise GIS and Internet GIS applications
8.	Caris spatial components	http://spatialnews.geocomm.com/whitepapers/ fusion.pdf	
9.	IDRISI	http://www.idrisi.clarku.edu/home.asp	An innovative and functional geographic modeling technology that enables and supports environmental decision making for the real world. With the introduction of IDRISI Kilimanjaro, we reaffirm our commitment to providing affordable access to the frontiers of spatial analysis and to advancing our role as an educational and research institution dedicated to geographic inquiry and understanding.
10.	The center of mapping at Ohio state university	http://www.cfm.ohio-state.edu/	It is a research institute using GPS and other tools
11.	Jossey-Bass	http://www.josseybass.com/cda/home	
12.	Internet GIS	http://www.ilri.cgiar.org/gis/igis.asp	
13.	The omega group	http://www.theomegagroup.com/ crimeview_internet.htm	About crime
14.	The geodan group	http://www.geodan.nl/uk/product/mapswing/ index.htm	This site is in English as well as in a different language

15.	Giscafe.com	http://www.giscafe.com/	
16.	GIS files	http://www.ordsvy.gov.uk/gis-files/index.htm	This is a interactive leaning sites regarding the basic concepts of GIS
17.	Asian disaster reduction center	http://www.adrc.or.jp/	
18.	Great Britain historical GIS project	http://www.geog.port.ac.uk/gbhgis/	Since 1994, we have been creating a major GIS that will contain the changing boundaries of all the major administrative and statistical reporting areas of Great Britain. A bullet point summary of the project is available here.
19.		http://land.geo.tsukuba.ac.jp/teacher/murayama/ index-e.htm	It is a Japanese site.
20.		http://www.gita.org/members_only/downloads/ kendell.pdf	This is in a pdf format about the environmental aspects
21.	ILGARD	http://132.235.241.200/	
22.	Wiley-vch	http://www.wiley-vch.de/publish/dt/?sID=d05b	It publishes for the Scientific and Professional communities
23.	Agriculture	http://www.esri.com/industries/agriculture/government /permitting.html	It is an ESRI product
24.	Geo innovations	http://www.geoinnovations.com.au/	They specialize in spatial information.
25.	Conington, VA	http://www.covington.va.us/	The city has used GIS in various fields.

26.	2f3internet	http://www.2f3.com/index.asp?Branch=	Leading database integrators. They integrate hundreds of GIS applications.
27.	IGIS-internet GIS,	http://sitemaker.med.umich.edu/igis	University of Michigan
28.	CesareGerbino	http://www.cesaregerbino.it/Pagine/Internet GIS/ InternetGIS-Intro.html	
29.	Map info	http://www.mapinfo.com/index.cfm	It provides locations Based Solutions for organization
30.	Maptitude	http://www.maptitude.com/	It provides tools and maps for business purpose.
31.	Scorecard	http://www.scorecard.org/	It is information About environmental defense.
32.	University of Leeds, Geography	http://www.geog.leeds.ac.uk/	
33.	Mappls	http://www.mappls.com/	The Indian site giving information about maps
34.	Visualization/internet GIS	http://www.uni-kiel.de/Geographie/Schwedler/Grafiken.html	It is in two different languages
35.		http://www.jlgis.cuhk.edu.hk/-Research-/WWW_GIS.htm	
36.	Internet GIS system	http://www.gis.pb.bialystok.pl/index-ie.html	
37.		http://www.ceosr.gmu.edu/vaccess/VAccess 0914/14Jimperry/sld001.htm	

38.	MIT IAP	http://gis.mit.edu/gis/iap/lab2003.html	
39.		http://www.ivsgis.com/webgis/sobr_tutorial.html	
40.		http://www.geo.hunter.cuny.edu/geography/gissites.html	
41.	Internet GIS: Foerdefahrplan Kiel	http://www.uni-kiel.de:8080/Geographie/lehrv_online/GeoVis/InternetGIS/Protokoll.html	
42.	Department of Planning & Zoning city of south Burlington, Vermont	http://www.sburl.com/Planning/	
43.	Wiley Canada	http://www.wileycanada.com/cda/home	
44.	GIS internet resource for aquatic research in eastern and southern Africa	http://www.science.uwaterloo.ca/research_groups/african_lakes/GISproject.html	It is a research site for aquatic research their issues and considerations.
45.	Pfeiffer	http://www.pfeiffer.com/cda/product/0,,0471359238,00.html	It is a distributed geographic information services for internet and wireless networks.
46.	GIS lounge	http://gislounge.com/	
47.	VDS technologies	http://www.vdstech.com/index.htm	

48.	Harvard design and mapping	http://www.hdm.com/index.php	
49.	Geostrada.com	http://geostrada.com/webgis.php	
50.	Das-GIS tutorial	http://www.gis-tutor.de/	
51.		http://www.bio-geo.uni-karlsruhe.de/gis/gis.htm	
52.	Internet GIS projects at GSU	http://geoscience.gsu.edu/	
53.	David rumsey map collection	http://www.davidrumsey.com/gis/	This site contains maps mostly of America
54.	GIS portal	http://www.gisportal.com/	Gives extensive information about GIS
55.	Wiley publishers since 1907	http://www.wiley.com/cda/product/0,,047135 9238,00.html	It gives information about GIS software for internet
56.	Geo, micro, inc	http://www.geomicro.com/index.htm	It offers various services and solutions for GIS related things.
57.	Software demo	http://map.sdsu.edu/software-demo.htm	
58.		http://cgis.gatech.edu/Education/Internet_GIS/internet_gis.html	
59.		http://map.sdsu.edu/mobilegis/	
60.	Integrated mobile GIS and wireless internet image servers for environ, monitoring and management	http://www.geoplace.com/gw/2001/0601/0601edgn.asp	**The purpose of this project is to utilize state-of-the-art Java programming technology, mobile GIS application software (Arc Pad 6.0, ArcIMS 4.0, and Image Web Server), global positional systems (GPS), and wireless networking technologies (IEEE 802.11b, Wi-Fi standard) to provide park rangers and other resource mangers with integrated mobile geospatial information services that will support and help optimize their field-based management tasks.**

61.	Caris	http://www.caris.com/index.html	
62.	Telemorphic	http://www.telemorphic.com/loadpage.php?width=740&page=home	It is a web based design and it leverage rapidly convergent communications and computing technologies (C3T) to improve functionality, reduce costs, and add value for our customers
63.	Gis.com	http://www.gis.com/	This site is a learning guide to GIS and a place for professionals to find useful resources.
64.	OGC (open GIS consortium inc,)	http://www.opengis.org/	**OGC is an international industry consortium of 254 companies, government agencies and universities participating in a consensus process to develop publicly available geo-processing specifications.**
65.	GIS monitor	http://www.gismonitor.com/	
66.	Covington, VA homepage	http://www.covington.va.us/	It is a web site for the City of Covington
67.	GIS innovations	http://www.geoinnovations.com.au/	GeoInnovations specializes in a branch of the Information Technology market known as **Spatial Information**
68.	Canada center for remote sensing	http://www.ccrs.nrcan.gc.ca/ccrs/homepg.pl?e	It is a site which receiving, processing, and archiving Earth observation data; coordinating a national research program, which develops and applies remote sensing technology to sustainable development and environmental protection; developing geospatial information applications; and providing electronic access to spatial databases.
69.	Applied GIS, inc	http://www.appliedgis.com/	AGIS is a leading provider of geographic information system services in New York State

			and the northeast. Founded in 1992, AGIS is a woman-owned business located in Schenectady, New York. We serve a broad range of clientele including local, state, and federal government agencies and private sector industries (health care, engineering, and telecommunication firms).
70.	ISL mapps limited	http://www.islmapps.com/main.html	**ISL - mapps limited** established in 1990, offers services to companies, organizations and municipalities that would like to take advantage of technological innovation in Geographic Information Systems
71.	GIS, GPS, and Technology in Geography	http://geography.about.com/cs/gisgpstech/	http://geography.about.com/cs/gisgpstech/
72.	Topographic Engineering Center	http://www.tec.army.mil/index1.htm	TEC's Mission is to provide the War fighter with a superior knowledge of the battlefield, and support the Nation's civil and environmental initiatives through research, development, and the application of expertise in the topographic and related sciences
73.	Environmental Resource Spatial Analysis center	http://www.gis.umn.edu/index.html	To develop a unified computing environment for research on spatial analysis and modeling of natural resources and environment.
74.	Geo Arctic	http://www.geoarctic.com/WebGIS.php	This is very much similar to the ESRI who sells their software
75.	GISLANDIA	http://www.geocities.com/gislandia/index.html	They make the GIS maps and sells. It is a vendor sites.
76.	GIS MONITOR	http://www.gismonitor.com/	It is a site which acts as consultants and provides jobs and other incentives.
77.	Burke County **Internet GIS**	http://www.co.burke.nc.us/gis/	Maps and property ownership is available via

			internet
78.	Map India 2003	http://www.mapindia.org/index.htm	It primarily serves to Indian geographic community but over a period of time it has attracted considerable international participation and provides platform for collaboration between India and rest of the world.
79.	Venten	http://venten.adrc.or.jp/	It is a GIS system for disaster management
80.	GIS and internet	http://www.zebris.com/deutsch/dienste/internet.htm&prev	We offer scaled solutions with our product Web View, the InterNet Extension for Arc View GIS and ArcGIS, with the free open SOURCE often commodity map server of the University OF Minnesota, or with ArcIMS, the high performance InterNet map server of ESRI to you.
81.	Civil engineer	http://www.icivilengineer.com/Surveying/GIS/	This site is mainly for the civil engineers.
82.	Metropolis	http://www.metropolisnewmedia.com/index.html	It distributes Geographic Information Systems (GIS) data and services over the Internet.
83.	The GIS files	http://www.ordsvy.gov.uk/gis-files/index.htm	Here we can find the computerized mapping, it is a mapping site.
84.	The great globe	http://hum.amu.edu.pl/~zbzw/glob/glob1.htm	It provides maps all over the globe
85.	For Net	http://fornet.gis.umn.edu/	The For Net Project is a joint effort between the University of Minnesota - College of Natural Resources and the Minnesota Department of Natural Resources - Division of Forestry
86.	Infomine	http://infomine.ucr.edu/	It contains useful Internet resources such as databases, electronic journals, electronic books, bulletin boards, mailing lists, online library card catalogs, articles, directories of researchers, and many other types of information.

87.	Autodesk	http://usa.autodesk.com/adsk/servlet/home?siteID=123112&id=129446	Autodesk design systems help maximize the value of your design data, from concept to production and beyond
88.	GIS development	http://www.gisdevelopment.com	It is very good site on GIS
89.	Moxi media	http://www.moximedia.com/index.html	Moxi Media is a small information technology solutions provider based in Vancouver, BC, Canada. We specialize in the development of e-business, e-commerce, and geographic information systems (GIS) applications for the desktop and the Internet.
90.	NCSU libraries	http://www.lib.ncsu.edu/	It is site with lots of information on GIS where we can find journals, books etc.
91.	University at Buffalo Geographic information and analysis lab	http://ncgia.geog.buffalo.edu/GIAL/netgeog.html	Resources available from US federal resources
92.	U.S fish & wild life service	http://www.fws.gov/	This site is basically for the information on preserving the wild life for the Colorado region
93.	Inside Idaho	http://inside.uidaho.edu/default.htm	It is an interactive GIS site with wide range of information.
94.	Idaho department of environmental quality	http://www.deq.state.id.us/index.htm	This site is localized to Idaho area to prevent human health and preserve the quality of air, land and water.
95.	Super map	http://www.supermap.com/default.asp	It focuses on the development and sales of technical basic software platform, professional software, and application system of geographic information system (GIS), Remote Sensing, and global position system (GPS). It provides information project technique and consulting service for government agencies and enterprises.

96.	Natural Resources and Mines	http://www.nrm.qld.gov.au/index.html	The vision of the department of Natural Resources and Mines (NR&M) is for enhanced community benefit through sustainable natural resource management.
97.	Geo community	http://www.geocomm.com/	The GeoCommunity is **THE** place for the Geographic Information Systems (GIS), CAD, Mapping, and Location-Based industry professionals, enthusiasts, and students to gather. The GeoCommunity is by far THE leading GIS online portal and daily publication, serving more than 250,000 unique site visitors per month and 30,000+ subscribers to our Spatial News Newswire.
98.	ipl	http://www.ipl.org/	It gives information on internet GIS
99.	Global internet services	http://www.globalinternet.net/	It provides quality shared and dedicated hosting in our state-of-the-art data using sun cobalt server appliances.
100.	Rockware Inc,	http://www.rockware.com/home.html	It is a software provider.
101.	Cubic world	http://www.cubicworld.de/start.htm	It is a forum that links mature or postgraduate students of **Remote Sensing** and **GIS** with companies or institutions of the same field to enhance communications within this growing community.
102.	SWEGIS	http://www.swegis.com/english/default.asp	It is a consultant and GIS software provider
103.	Navimumbai.com	http://www.navimumbai.com/	It is a site which gives information about Navi Mumbai and the local news of it.
