Project Proposal

- Project definition:** Describe clearly the project in few lines
- Project Objectives:** Spell out the objectives in a bullet fashion describing each objective in a short sentence.
- Strategy:** Describe how you are going to achieve the objectives spelled out above one by one.
- Plan of action:** Outline the different steps needed to complete the project.
- Design Component:** Identify the Design part in your project.
- Reporting:** Weekly progress report will be submitted to the Professor in Charge. At the end of the project a working prototype will be presented.
- Budget:** Do cost analysis of your project counting the man-hours needed and the cost of the material.
- Progress to date:** Explain the progress made up to the submission date of the progress report
