

GEOP 415
SPRING 2010
Quiz # 4
Take home
(Due on 29/5/2010)

1. Search the literature to get the definition of one seismic attribute.
2. Show a case study where this attribute was used.
3. Explain how the attribute enhanced the interpretation in your example.

Note: Your answer should include only 2 pages: one for text and another for figures.
