

GEOP 415
SPRING 2010
Quiz # 5
Take home
(Due on 5/6/2010)

1. Search the literature for a case study that explains an interpretation pitfall.
2. Explain how this pitfall occurred in your case study.
3. Suggest solutions to verify that these are pitfalls and not real geological features.

Note: Your answer should include only 2 pages: one for text and another for figures.
