

# Celebrate Earth Science Week, October 20-25, 2007

## KING FAHD UNIVERSITY OF PETROLEUM & MINERALS *Earth Sciences Department*

Tenth anniversary of **Earth Science Week**. **Earth Science Week** is an international event hosted by the American Geological Institute. This year **Earth Science Week** will be celebrated from October 20 to 25. The theme is “**the pulse of earth science**” and will promote public and professional awareness of earth science in education and society. 2007 also marks the start of International Year of Planet Earth and International Polar Year, providing many opportunities to celebrate geoscience.

EARTH SCIENCE DEPARTMENT of KFUPM initiates and hosts **First Earth Science Week in Saudi Arabia** at Science-Techno Park of KFUPM through our website at

<http://faculty.kfupm.edu.sa/ES/oncel/kfupmearthscienceweek2007.htm>

Any organisation, institution, school or individual wishing to share their **Earth Science Week** activities with the rest of Saudi Arabia is invited to submit details and photos to oncel@kfupm.edu.sa. The information will be made available on the national website.
