

Homework

Homework will be assigned daily. Each homework assignment will be worth 10 points. Your homework grade will be comprised of a combination of homeworks from the textbook, and from the workbook for a total of 100 points. Homework will be due on the class period following the one in which the related sections have been completely covered (check the website for the deadlines). **It will be due at the beginning of the class period.**

Late homework will not be graded. In order to accommodate all kind of possibilities, the two lowest homework scores will be dropped at the end of the semester before the total homework score is calculated. Your final homework grade will be the average of the scores picked.

You may use pen or pencil to write up your homework. You may only use black or dark-blue pens. If you use pencils you should make sure that your work is clearly shown. You should avoid excessive scratch-out.

Illegible homework will not be graded. Not everyone can write nicely but you should make your writing sufficiently legible. Otherwise, your homework may not be graded.

Your solutions should show all intermediate steps. Written explanations should be included whenever appropriate. Your homework should be securely stapled together with a **cover sheet**. On the cover sheet you should write down legibly your name, course and section number. Unstapled homework will not be graded. Homework without cover sheet may not be graded.

Selected homework problem will be graded.
