At the end of the semester,

- Any review you may have about your class work grade has to be made before the Final Exam.

### **After the Final Exam**

- You may review your Final Exam grade if you are sure that there is a mistake in grading.
- In case you find a mistake in the posted grades (Class Work, Exam I, and Exam II) on the Math Web site, let us know about it so that we make the suitable correction.
