A WORD TO PARENTS

This Achievement Profile is designed primarily to apprise the parent of the student's progress not only in academics but in the areas of physical, emotional and aesthetic development. By recognizing, appreciating and evaluating their personal and social qualities, attitudes and interests, the school has moved closer in motivating them to overcome their inhibitions and realize their true potential.

The Achievement Profile will be sent to the parent for his perusal and signature after every terminal examination. Please ensure that the same is returned within three days of its receipt except in April when it may be retained by you. You are requested to ensure that the Achievement Profile surely reaches you at the prescribed time and is duly signed by you. In case you do not receive it through your ward, it should be brought to the notice of the School authorities.

Please note that the promotion of your ward to the next higher class depends on his/her total performance during the entire session and due credit is given to assignments, written as well as oral, CCE tests, Terminal examination and Annual examination. It is therefore, very essential that your ward takes all the tests and examinations and complete all the assignments and project work in time.

As this Achievement Profile seeks to reflect and evaluate the child's all round development, you are requested to go through all the columns carefully.
