

KING FAHD UNIVERSITY OF PETROLEUM & MINERALS
PREP-YEAR MATHEMATICS PROGRAM
SYLLABUS
MATH 002 - 072

Pre-Requisite	MATH 001
Textbook	College Algebra & Trigonometry by Aufmann/Barker/Naton, 6 th Edition, Houghton Mifflin, (2008)
Objectives	The students are expected to develop the comprehension of the course material in English, improve their computational skills and demonstrate writing ability of solutions with logical steps. An emphasis will be given to the understanding of the statement of problem and the mathematical terminology. The medium of instruction will be strictly English from the first day of classes. The course primarily aims at the development of critical thinking among the students through the mathematical concepts studied at the <u>High School level</u> . Word problems will be an important part of the course. MATH 001 will be regarded as a base of this course.
