

## Vocabulary Unit 5 RMIT Intermediate

|                        |             |
|------------------------|-------------|
|                        |             |
| backache               |             |
| bandage                |             |
| blind                  |             |
| bone                   |             |
| brain                  |             |
| cancer                 |             |
| cough mixture          |             |
| dentist                |             |
| dislocated elbow       |             |
| dizzy                  |             |
| doctor                 |             |
| donation               |             |
| earache                |             |
| fund                   |             |
| have a cold            |             |
| hurt                   |             |
| medicine               |             |
| neck                   |             |
| non-profit             |             |
| ointment               |             |
| paramedic              |             |
| patient                |             |
| receptionist           |             |
| responsible for        |             |
| scalpel                |             |
| sore throat            | حجر ة مؤلمة |
| specialist             | أخصائي      |
| sprain = pull a muscle |             |
| stomachache            |             |
| stretcher              |             |
| subscription           |             |
| syringe                |             |
| tablet                 |             |
| twist                  |             |

|           |              |             |                        |
|-----------|--------------|-------------|------------------------|
| artery    | شريان        | Technique   | أسلوب \ طريقة          |
| bacteria  | جراثيم       | Breathe     | يتنفس                  |
| breakdown | تعطل \ تحليل | Circulation | الدورة الدموية<br>أمور |
| consider  | يفكر في      | Squeeze     | يعصر                   |

|                |                    |           |              |
|----------------|--------------------|-----------|--------------|
| demonstrate    | يبرهن              | Palm      | راحة اليد    |
| dental decay   | بلى الاسنان        | Vertebrae | فقار \ فقرات |
| digestion      | هضم                | Benefits  | فوائد        |
| fluoride       | فلوريد             | Stroke    | جلطة دماغية  |
| guilt          | ذنب \ إحساس بالذنب | Exhale    | يزفر \ ينفث  |
