

Fundamentals of Programming Languages

**Homework Assignment # 1
Due Feb. 24, 2001**

Problems 10 and 12 from chapter 1: (page 35)

Problems 4, 9, and 10 from chapter 3: (pages 152-153)

Important notes:

- 1- Your homework must be typewritten on a PC word processing software.
 - 2- It should include the following:
 - course title and number, your name, and ID number in a separate cover page.
 - the statement of each problem, then your solution.
 - 3- Late homework assignments will not be accepted.
