(A) RESEARCH PROJECTS ONGOING AT KFUPM/RI

   KFUPM Deanship of Scientific Research Project No. PH/FNAA Facility/358
   A. Aksoy and M. Raashid
   [As Principal Investigator]
   24 months development project (01 April 2007- 31 March 2009)
   Total Project Cost (SR): 99,200/-

(B) RESEARCH PROJECTS COMPLETED AT KFUPM/RI

1. External Gamma Radiation Survey for Oil Wellheads in the Southern Producing Area, Research Institute, Center for Applied Physical Sciences Project
   Funded by Saudi Aramco. Project # CAPS2223
   [As Co-Investigator]
   Total Project Cost (SR): 2,076,689/-.

2. “Study of Petrochemical Catalysts using Neutron Activation Analysis”
   KFUPM Deanship of Scientific Research SABIC Project No. SABIC/2000-5
   A. Aksoy, M. A. Al-Ohali and F. Z. Khiari
   [As Principal Investigator]
   15 months development project (01 October 2000- 31 March 2002)
   Total Project Cost (SR): 72,500/-

3. "Data base for technical capability of the KFUPM 14 MeV neutron activation analysis facility for industrial applications"
   Research Institute, Center for Applied Physical Sciences Project
   A. Aksoy, F. Z. Khiari and M. N. Al-Haddad
   [As Principal Investigator].
   34 months development project (10 March 1997- 7 Dec 1999)
   Total Project Cost (SR): 652,580/-

4. Natural Gamma Rays Measurements in core samples,
   Research Institute Div. I ELPAR III Externally funded Project # 21110
   (Jan.-1993-Sept.-1994) sponsored by Saudi-Aramco
   A. Aksoy et al.
   [As Task Leader for Radiometric Analyses]
   Total Task Cost (SR): 80,500/-
5.  *Gamma Spectroscopy Analyses,*  
*Research Institute Div. II Project # 22044 (1994) Saudi-Aramco*  
*Service Orders # 52, 55, 57 & 61/94 for total 62 limestone samples*  
A. Aksoy et al.  
[As Principal Investigator]  
Total Project Cost (SR): 72,135/-

6.  *Total Gamma Rays Measurements of core samples from Bahrain National Oil Company (BANOCO),*  
*Research Institute Div. I Project # 21128 (1994) for total 265 measurements of the core samples of total 120 ft length from BANOCO*  
A. Aksoy et al.  
[As Principal Investigator]  
Total Project Cost (SR): 8,000/-

7.  *A study of Anomalous Large Angle Scattering in $^{28}\text{Si}(\alpha,\alpha)$ and $^{32}\text{S}(\alpha,\alpha),$*  
A. Coban et al.  
[As Co-Investigator]
