PROCESS DIAGRAM FOR MS PROGRAM

Main Areas which need improvement

- Admission procedure takes time
- Lack of communication between various administrative departments leading to confusion.
- Student Documentation in CGS within the reach of 1-2 people (El Tares).

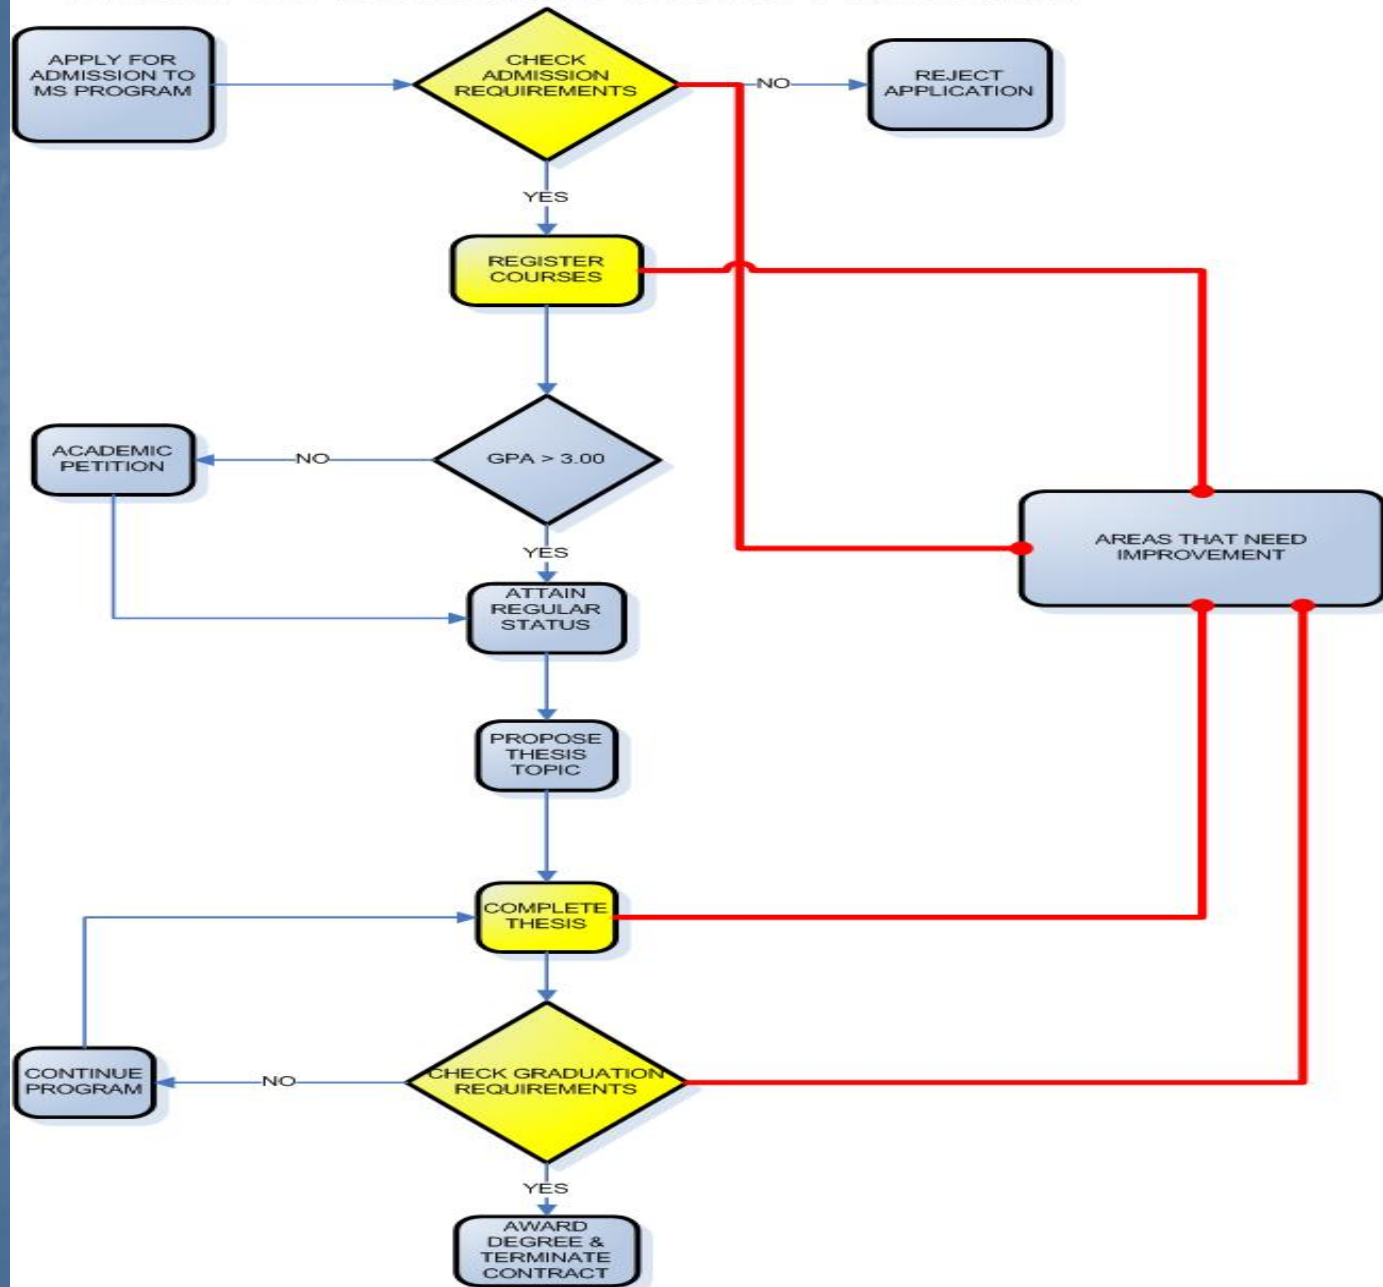

Contd ...

- Registration of courses
- Clash of courses that the students really have to take in order to fulfill their M.S./M.E. requirements. Eg MGT courses
- Step taken: Pre Registration

Contd ...

- Thesis completion takes time for M.S. students (double time taken compared to the Universities in U.S. / U.K.)
- Identify the reasons.
- Research not up to the mark.
- How can we benchmark the quality of research?
