| Project | Task |
|---|---|
| 1 License plate recognition | 1 Extract license plate |
| | 2 Recognize plate number |
| | 3 Recognize plate color |
| | 4 Database design |
| | 5 Application deign |
| | 6 Vision system (hardware design) |
| | 7 Communication design |
| | 8 Communication software |
| | 9 Components Integration |
| | |
| 2 Distributed systems | 1 xmlblaster performance enhancement |
| | 2 Protocols comapisions and testing |
| | |
| 3 Rel-Time systems (requires >3.0 GPA ) | 1 Publish Subscribe Engine |
| | 2 Publication module |
| | 3 Subscription module |
| | 4 Events Management |
| | 5 Cluster configuration |
| | 6 QoS Polices |
| | |
| 4 Systems integration | 1 Code generation for system integration |
| | |
| 5 Smart wireless cameras | 1 Desiging a camera system connected to GSM network |
| | |
| 6 Wireless electrometer | 1 Wireless Electricity consumption reader |
