Note #1: Final Exam is **coordinated** and **comprehensive** (i.e. it is common for all sections and covers chapter 1-7 as described in the syllabus and class notes). Lab Final will be given by the Lab instructor in the Lab during the normal Lab session. Major Exams are also coordinated.

Note #2: According to the rules and regulations of KFUPM, attendance is **MANDATORY**. More than **8** unexcused absences will be reported to the registrar office and result in a **GRADE of DN** regardless of the student's grade.

Note #3: It is your responsibility to solve the *practice problems* as soon as the material is covered in the class. Solution will be posted on **WebCT**.This *practice problems* set will not be collected.

Note #4: Your instructor will give you other home work assignments which will be collected and graded. Quizzes will be given regularly based on the homework and the *practice problems*..

Note #5: A design project will be assigned around week 11 and will be due at the end of week 13.

Note # 6: **On-line lectures will be available under WebCT which is maintained by the course coordinator. All students will have access to these lectures. All students are encouraged to access these lectures before attending the regular classes. A feed-back will be obtained from the students through questionnaires.**

Note # 7: **Selected weeks will be conducted <u>fully on-line</u>. You will study the material on-line. You will communicate with your instructor via WebCT communication tools. You will attend Wednesday classes of these weeks. In Wednesday class, you will have the chance to discuss the material and take a special quiz.**
