

**Fundamentals of Programming Languages**

**Homework Assignment # 2  
Due March 31, 2001**

Problems 8, 12, and 14 from chapter 4: (page 190-194)

Problems 5 and 14 from chapter 5: (pages 255-257)

**Important notes:**

- 1- Your homework must be typewritten on a PC word processing software.
  - 2- It should include the following:
    - course title and number, your name, and ID number in a separate cover page.
    - the statement of each problem, then your solution.
  - 3- Late homework assignments will not be accepted.
-
